

## Arlington Acts to Bar Shack Towns

Public Hearing On  
Ordinance To Be  
Held July 19

The people of Arlington Heights will have the opportunity Tuesday, July 19, to express their opinion regarding an ordinance submitted to the village board by the Arlington Heights planning commission upon which a public hearing will be held on that date. The ordinance appears on page six of this issue.

The Chicago Regional Planning commission aided the local board in the preparation of the ordinance, which establishes general control over subdivision plats for land that lies within a mile and a half of the village.

Any subdivider who desires to sell lots must present a plat to the village for its approval. Provision in the plat must be made for land for parks, school sites, and public buildings.

The owner is also required to present to the village engineer for approval a grading plan for streets and alleys, the cost of which must be paid by the land owner. Lots shall have a minimum width of sixty feet except when sewer and water systems have been installed and are ready for operation, when the lot can be 50 ft. wide.

Considerable turmoil resulted recently when the L. B. Andersen Co. attempted to open a neighboring tract without restrictions. The appointment of a planning commission in Arlington Heights can be attributed to the determination of Arlington Heights to prevent the development of any shack towns within its area. The report and recommendations of the commission are included in the ordinance upon which the public hearing will be held next Tuesday.

### State Demands Village Thistle Commissioner

Louis Clark is doing a good job as township thistle commissioner and has found a lot of thistles, but he has no responsibility hereafter for thistles within the village. A representative of the state visited Arlington Heights last week and informed the village officials that the law requires the village to assume the responsibility of fighting thistles within the municipality. He asked that the board appoint a man for that purpose and Mayor Flentje, with the approval of the board appointed Frank Gieseke, who has been a part time employee of the village.

### Business Men Meet Tonight

One-hundred per cent membership in the Arlington Heights Trade and Civic association is the goal of E. J. Harris and his crew who compose the membership committee of the organization. Results of their good work will be shown by a large turnout expected at the general membership meeting tonight (Thursday) at the village hall at 8 o'clock.

Whether "members shall advertise only in regularly established publications, motor coaches, movie screens and telephone directories" will be up for discussion at the meeting. "This policy, if adopted, would result in considerable savings to members by the elimination of unprofitable advertising in programs, punch boards, ticket sales, etc.," reads the monthly publication of the organization.

### Printers' Specials

#### Are No More

It was just after the arrival of the depression that printers' specials were born at the Gus Framberg ice cream parlor. It was the proprietor himself who concocted the first dish that looked to the outsider as a sundae served in a coca cola glass.

"You printers need a break," were the words of Gus.

The printers have enjoyed their specialty the past five years and they admit a feeling of jealousy when an outsider trespassed and also asked for a "printers' special."

Until now the "special" has been a double dip of ice cream covered with fruit juices that only cost the printer a thin dime.

Those were the days before the appearance of the Rodewald Bros. with their cost finding system. The "specials" are still there, but minus the name and minus half of the ice cream.

"Printers are no better than anybody else" say the Rodewalds and besides they have invested in some new small dishes and a still smaller dipper.

We of the Herald office mourn deeply.

## State To War On Stop Sign Violators

Cause of Majority of  
Accidents, Says Chief  
Consult Local Judges

Judge Behrens of Arlington Heights and other judges of the northwest towns who handle state police cases were called to Chicago early this week to attend a conference where Chief Taylor of the state police advised them of the drive that has been started to save lives by the elimination of stop sign accidents. Such accidents, stated Mr. Taylor, cause more injuries and deaths than any other and the state is going to make a heroic drive to make the autoists stop sign conscious.

The state has been keeping an accurate record of all auto accidents and classifying them as to cause, location and the condition of roads. They have found that the most dangerous intersections in this vicinity are:

Routes 58 and 62 (Evanston-Elgin and Algonquin).

River road and Milwaukee Ave.

Route 58 and Route 12 (Rand road).

The state will use two methods to arouse the autoists to danger of stop sign violations. A fine of \$10 will be demanded in every case. All courts handling state cases must be held in a regular court room and conducted according to law. Back room hearings are to be a thing of the past. Inexperienced judges are to be discouraged.

State cases will be taken to no courts not conducted with the dignity that the law intended.

## Mt. Prospect Police Chase Car Thieves

Captures One As  
Two Dive In River  
After Auto Crash

A Buick sedan cruising east in Northwest Highway through Mt. Prospect, last Thursday about 7:30 p. m. carrying three young men who acted strangely aroused the suspicion of Officer Moehling and he pulled up to question them when they darted away at a high rate of speed.

Traveling at 85 and 90 miles per hour Officer Moehling pursued them through Mt. Prospect to Des Plaines where they turned on Pearson street to River road. Turning north on River road with the Mt. Prospect squad car close on their trail, the boys opened it up, but crashed into a car driven by H. A. Penrod of Ranouli, Ill. who had stopped for the intersection of River road and Milwaukee avenue.

Immediately following the crash the three youths sprang from their wrecked automobile and ran through the fields with Officer Moehling after them. He fired a shot over their heads to stop them and captured one of the youths, but the other two escaped by swimming across the Des Plaines river.

The captured lad gave his name as R. R. Brown of Minneapolis, Minn., and admitted that he and his two companions had stolen the Buick car in Minneapolis. He named one of his companions but said he knew the other youth only as Robert.

The prisoner was turned over to the Sheriff's Highway Police and a search is being made for the other two youths whose escape ended so abruptly when they tried to elude the police of Mt. Prospect.

### Start Addition To Municipal Building

A small force of workmen have been engaged the past week on the underground work to the addition to the municipal building at Arlington Heights. The structure will join the present building on the west side, will be 40x102 feet. The net cost to the village is estimated to be \$3,000 while the WPA share will be in the neighborhood of \$15,000.

The building will be used for the storage of tools and machinery.

### Misses Stop Sign But Hits Car

Mrs. G. Murphy, of Sturgis, Michigan, operator of a hotel at a summer resort near that city was on her way to Arlington Park Tuesday afternoon and did not see the stop sign at the State road intersection. She hit the left front wheel of a car turning off from State road being driven by Mrs. T. F. Coleman, 1516 Mayfair road, Arlington Heights. Both women received first aid treatment and Mrs. Coleman is at her home where the extent of her injuries is not yet definitely known.

Above—Thistle Commissioner John Kitson of Palatine Township (second from left), and a group of Cook County taxpayers literally "up to their necks" in a field of Canada thistles in the Deer Grove Forest Preserve.

Below—Thistle Commissioner John Kitson of Palatine Township shows Tom Hart of the Herald staff a lush crop of Canada thistles along a forest preserve trail.

## District 23 Voters Give O. K. Oh! For a Free Press To New School Building

Prospect Heights To  
Have Modern Bldg.,  
Carries Four to One

The patrons of Wheeling school district No. 23, known as the Wheeling Center school, made known in no uncertain manner last Friday that they want a new school building upon the site of the present structure. The vote on the proposition to build the building on the present site was carried by a vote of 122 to 28. The vote on the bond issue carried by a vote of 139 to 6.

The first proposition carried with it authority to purchase 1 1/2 acres of additional land from J. Fred Meyer for a price of \$500 an acre. A total of 150 votes were cast.

The total cost of the project which will include a two room building 75x36 ft. with basement including all costs, will be \$25,000, according to Goofried Larson Incorporated, who are the architects. This same firm has charge of the Arlington Heights elementary school.

The tax payers will secure this building at a cost of \$14,500, the balance amounting to \$11,000 will be contributed by the government. The attorney for the project is Roy A. Whiteside.

The directors desired to hold the election before acting upon the other matters and according to E. Mueller, clerk, local people will have first opportunity to secure the bonds. It will also be the purpose of the board to patronize local firms as much as is possible.

District 23 includes Prospect Heights, the new DeLuxe subdivision on Elmhurst road, promoted by Smith & Dawson. The present enrollment of the school is 26 which will increase to 40 next September.

### Fire Chief Starts Today On Trip To Pacific Coast

Fire Chief Geo. K. Volz issued orders this morning that there can be no fires the next five weeks. If there are any fire calls somebody besides the chief will be answering.

"Geo. K." accompanied by his daughter, Donna Marie and Mr. and Mrs. Benson are leaving by car for Yellowstone Park, and Glacier Park. The Canadian Rockies will be next with a visit to Lake Louise. The touring party expect to visit Seattle, Salt Lake City and may get as far as San Francisco.

Five weeks is the time allotted for their vacation.

### Local Cyclists With Watch City' Riders At Elgin Airport

Motorcycling with the Watch City riders who are performing at the air show at Burnhides airport in Elgin are several local youths.

List of entrants include Neil Baril of Palatine, Arthur Isaacson of Arlington Heights, James Helwig and Dawson Skillen of Mount Prospect, and Lester Stack and Harold Nelson of Des Plaines.

Events are formation work, dig out race, barrel race, stunts, stake race, slow race, and Australian pursuit race.

## A Rural School With Historic Interest

When the school children of District 23, Wheeling township, answer the school bell at the red brick school house, corner Schoenbeck and Palatine roads, next September, it will mark the last session of school in a building that has been a landmark for nearly three quarters of a century.

It was Dec. 3, 1865 that seven property owners in the district voted to build the present school building at a cost of \$700. Those seven men were William Pate, John Krider, Jacob Porte, John Twelves, Wm. Wayman, Wm. Reed and Jesse L. Mah.

The school records of the district that are in the hands of Ed. Muller, the present clerk, begin with that date. There was another school building in existence at that time because John Beach was teacher for the winter term, which started in December and closed in April. He received a monthly salary of \$36 and board.

Evidently John found more remunerative work for the summer because Jennie Beach taught the summer term of school, which started May 14, after the early spring farm work, and ended August 31, which allowed the children to help with the fall farm work.

The school board only met once a year in those days and the tax levy was in the neighborhood of \$350 a year. Cord wood at 85 a cord was the fuel used in the school stove.

### Jockeys Hurt In Rand Road Crash

Paul Ryan and T. P. Martin, two well known jockeys, now riding at Arlington Park, were injured in a head-on collision on Rand road, a half mile north of the County Line road, last Thursday night. Four people were injured and taken to the Palatine Community hospital.

Ryan was driving south when attempting to pass a car, pulled into the northbound lane, and crashed into the car driven by Phillip Lapping, 6305 North Washtenaw avenue, Chicago. The crash injured Ryan, his aunt, Mrs. Helen Ryan, Martin and Lapping.

Lapping suffered severe cuts and chest injuries. The others received minor cuts and bruises, Ryan losing a tooth.

Martin, Ryan, and Mrs. Ryan reside in Chicago at 736 Wrightwood avenue, and have been rooming at 204 S. Highland, Arlington Heights.

### Driver Crashes Into 'Flared' Parked Truck

A truck and trailer parked on Milwaukee avenue failed to escape mishap in spite of flares last Thursday evening when Paul Stowas, Route 1, Mt. Prospect, crashed into the rear end. Stowas and his nephew, Pete Phillips, were taken to the Northwestern hospital in Des Plaines. Stowas sustained a broken rib.

## Thistles Grow High In County Forest Preserves

## Arlington Legion Carnival Will Start Next Tuesday

'Biggest and Best'  
Festival Ever, Say  
Legionnaires

The biggest and best Carnival that Merle Guild Post of the Arlington Heights will start next Tuesday night, July 19, and run right through until Saturday night, July 23. There will be fun for young and old—rides of all kinds for the kids (and mamma and papa, too) including the new miniature streamlined train. There will be all kinds of games for the amusement of everyone, including the well-known corn game or bingo game and this year the Legion Post says that it will have the finest display of prizes ever shown in Arlington Heights—prizes well worth winning.

A beautiful new 1938 Chevrolet DeLuxe Sedan will be awarded at the end of the Carnival or midnight Saturday, July 23. This car will be on display on the Carnival grounds every night and tickets may be purchased at the car booth.

There will be something doing every minute and if you miss the Carnival this year you will regret it the rest of your life. There will be music, entertainment and novelties of all kinds, so that there will not be a dull moment for those attending. It is going to be a Carnival for Grandmother and Grandfather as well as the kiddies.

"Come and bring the whole family," say the Legionnaires. "We have arranged our Carnival this year so that it will be interesting and enjoyable to both young and old."

The Junior Drum and Bugle Corps of Merle Guild Post will start the Carnival off with a bang early Tuesday night, July 19, by showing its stuff in the downtown section of the grounds in the way of marching, drilling, and musical numbers. This Corps is one of the finest Corps of its kind in Cook county. It is composed of youngsters between the ages of six and sixteen and most of the drummers are hardly as big as their drums.

Don't forget that for a grand and glorious time reserve the nights of Tuesday, July 19, to Saturday, July 23, inclusive, for the "big, stupendous, colossal" American Legion Carnival to be held in the business section of Arlington Heights.

## Week Of Champions At Arlington

A week of championship races is planned for Arlington Park by the management.

Instead of running the Arlington Futurity and the Arlington Gold Cup race both on the closing day of the meeting, the officials have decided to run the Gold Cup race on Thursday, July 28.

This arrangement will give Arlington three championship races on three different days during the closing days of the meeting.

On Saturday, July 23, the Arlington Classic will be run and this race should just about decide the three year old championship as all the leading three year olds in training will go to the post.

On Thursday, the 28th, comes the Gold Cup race, a weight for age affair that will see all the leading handicap horses in action.

Seabiscuit is coming back from California for the race and it is hoped War Admiral will come on from the east and that this race will furnish the first meeting between these two great horses.

### Police Now Tour Suburbs Every Night

You might rest a little easier to know that every night from 10 to 6 in the morning a squad from the sheriff's highway police are touring northern Cook county from Des Plaines to Barrington.

Lieutenant Henry J. Andel of the Morton Grove station has inaugurated the new shift to offer police protection to the extremity of the county.

The Morton Grove station may be reached by calling Des Plaines 684 or Morton Grove 2200 in the event the services of the highway men are wanted.

### Arlington Bootery Holds 10th Anniversary Sale

Its ten years in business in this week for the Arlington Bootery and this shoe and men's furnishings store at 10 Dunton is celebrating with a storewide clearance with all prices greatly reduced.

Carl H. Ewert, proprietor, opened a shoe business at this location in 1928 and since then has added a men's furnishings department. This store is the exclusive outlet in Arlington Heights for Paris fashion shoes for women and Nunn-Bush shoes for men.

Daily crowds at Arlington, while not up to last year, have been far above the average at most tracks and the meeting is bound to be a success.

Favorites so far have fared badly and the favorite players are walking around in circles, talking to themselves and hoping for better luck the rest of the way.

Meanwhile the followers of the long shots are happy and contented.

## To Mobilize Red Cross Activities

Preparedness  
Program For  
Arlington

Preparedness calls for organization and Arlington Heights Red Cross is to be organized along preparedness lines for service in the everyday life of the community, for possible catastrophes and for national defense.

Members of the local Red Cross committee received Monday evening a clear picture from Rodger Holden, acting manager of the Chicago chapter of what the Red Cross can do for Arlington and what Arlington Heights can do for the Red Cross.

Miss Benson, field representative was also present Monday evening. A series of monthly meetings will be held for the purpose of making the public familiar with Red Cross services. The first will be on home hygiene, the first meeting to be held in August.

Dr. Elfeld reported that the preparedness committee of which he was the chairman, is ready to assume its responsibility.

The local chapter had its first service call last week during the flood, when it sent a truck to aid a family in moving from its threatened home.

Dr. Best will take charge of the instruction of firemen and police officers for the purpose of meeting the requirements for the establishment of a Red Cross station in Arlington Heights.

It is also planned that when the swimming pool is open trained Red Cross life guards will be available. With an active Red Cross committee Arlington Heights can be a part of the National Red Cross organization that is as necessary in time of peace as in time of war. The women and civilians in all other countries of the world are being called to be a part of preparedness programs in a big way. American people can not shut its eyes and say "it can't happen here."

### What — No Gals To Speak To?

Vacation stories are numerous and varied at this time of the year, but here's one the editor believes takes a prize.

A family consisting of father, son and two daughters motoring from Detroit to the Twin Cities, stopped at Ed. Moehling's Standard Service Station at Mt. Prospect for fuel about 10:30 p. m. Father was driving with the son alongside in the front seat and the two daughters, about 18 and 15 years old were asleep in the rear seat. While the car was being refueled, father and son went to the washroom.

In the meantime the daughters woke up and went to the ladies washroom. The two men returned to the car and after telling his father to sleep while he drives, the son got behind the wheel and drove off, not realizing his sisters have left the car. The girls wait around "Ed's" station, paying father or brother will soon miss them. Later "Ed" wants to close up and being as how he is just newly married it wouldn't do to bring two pretty young ladies home with him, so his big brother, Officer Ted Moehling, takes the girls over to the Village hall and parks them there till about 1:00 a. m.

It must have been a foggy night for the girl's mental telepathy didn't work and brother is still driving severely northward. Getting lonesome he finally decides to wake sisters to talk to him and imagine his surprise to find the back seat empty. Needless to say, he promptly made an about-face, hoping he can remember where in blazes they stopped for gas.

In the meantime the girls decide brother is making a non-stop drive to the Twin Cities and Officer Moehling takes them to relatives in Chicago. Upon his return about 4:30 a. m. he finds Papa and Brother parked in front of the gas station, very much awake this time. Generally speaking cross-country drivers usually do not like to see an officer pull up to them, but I'll wager a cookie this was one of those exceptions. Big Brother had driven 75 miles before he missed his sisters.

### WRONGFUL DEATH

Anthony Rossi who died April 22 left an estate consisting of a right of action for wrongful death. He lived in Morton Grove. His claim is against the Chicago, Milwaukee & St. Paul railroad. His father, Peter Rossi, and Louis J. Denmen were appointed administrators.

### County Lets Weed Reach 5 Feet While Farmers Cut Them

With farmers, subdividers, village and township officials and the public in general waging a vigorous battle against the Canada thistle and other noxious weeds, the forest preserves of Cook county are again this year a fertile breeding ground for the weed pests which are annually taking an immense toll from the farmers of the county.

Thistle Commissioner John Kitson of Palatine township says that it is a shame to see the thistles growing profusely in the preserves while the farmers and other property owners are making sincere efforts to get rid of the pests.

The farmers annually cut many acres of thistles in order to get rid of the thistles yet in the forest preserves of the county they grow rampant and germinate enough seed to reseed the whole county.

A trip through the Deer Grove forest preserve near Palatine revealed many huge patches of Canada thistles in full bloom and ripening.

Along some of the roads built at untold expense with CCC and WPA labor, the Canada thistles five feet and more high formed a blooming border.

On wooded hillsides the Canada thistle held sway with picnic parties from the city.

To the city dweller a Canada thistle is probably nothing more than a prickly weed, but to the farmer they are a real menace to the crops and a decided destroyer of land values.

To the farmers of the county the fact that they were compelled to cut their thistles while in the public preserves of the county they grew to maturity unhindered, has always been a sore spot. The farmer and the average citizen cannot understand why the forest preserve district of Cook county should be allowed to remain a breeding place for thistles and other weeds and at the same time they should be forced to keep their land free of the same pests.

Commissioner Kitson of Palatine township waving an indignant arm at an acre or two of five foot thistles in the forest preserve declared in emphatic terms that as long as Cook county did not cut the thistles in the preserves, he would not cause the arrest of any farmer for a like violation.

The subject of those forest preserve thistles has long been a sore spot with Cook county farmers. The matter is now being taken up with the department of agriculture at Springfield.

It really would seem as if, with all the WPA, CCC and other labor that has been expended upon the forest preserves, that some one in authority in Cook county might see to it that the thistles got cut and in that way play square with the farmers and other land owners of the county, who pay heavy taxes for the support of that same forest preserve district, that every year menaces their farms with an incursion of thistles and other noxious weeds.

Come on, let's see some county officials wake up and act on this thistle question.

### Police Retrieve Pair Who Crash Stolen Car And Hide In Forest

After striking head on in an auto crash on Rand road near River road, two youths who had taken a car belonging to the Oscar Mayer Co., Chicago, where they are employed, fled into the forest preserve district, that every year menaces their farms with an incursion of thistles and other noxious weeds.

Come on, let's see some county officials wake up and act on this thistle question.

Willard Uttenreuther, 1325 Madison street, Evanston, was driving south on Milwaukee avenue when he collided with the car driven by Edward Diever, 723 Jefferson avenue, Sheboygan, Wisconsin, and Jake Zeiter, 1701 N. Park avenue, Chicago. Diever was said to be driving north on Milwaukee, veering across the pavement at a fast rate. Diever and Zeiter were charged with reckless driving and leaving the scene of an accident.

### 'On The Job'

Harvey Klehm, proprietor of Elmwood Nurseries, is now residing "on the job." He has moved to the house that he recently erected on the five acre nursery that he has established on Central road at the southern edge of Arlington Heights. Other nursery holdings of this firm are in the vicinity of Addison.

The Elmwood Nursery and the Klehm name are both very well known and with a Klehm at the head of an Elmwood nursery, customers are assured expert service and quality goods.

### Benefit Club Dance

Meyer's pavilion at State road, will be the live spot of Arlington Heights this Saturday night, where the Arlington Heights Benefit club is staging its annual dance. Through the courtesy of the Dreyer Electric Co., an electric lamp will be given away. Tickets are 25c.

# Arlington Society and Club Events

Miss Elizabeth Bray returned from her vacation trip in time to spend the Fourth at home.

Mr. H. F. Ackley came home last Saturday from Hines hospital improved in health, although weak. He says it is a fine place to go when "a fellow needs care."

Mr. G. J. Rau had a busy time last week when her grandchildren and a cousin came from Wheaton to claim her motherly care while their parents went to Champaign to attend funeral of an aunt of the Rau family.

Mr. Geo. E. Peterson is having a vacation from his business trip and plans short trips and rest at home.

441 N. Vail has recently been improved with a new roof, the foundation repainted, etc.

Max Lorenzen has been ill some time and last week he went to Cook County hospital for treatment.

Mr. Lynn Nicholas, who has been visiting relatives and old friends in old home town, returned to California last week.

Mr. Philip Harth from Wheeling came last week to Arlington Heights for treatment to restore health and strength.

Mr. and Mrs. A. C. Russell, E. Euclid avenue, are enjoying a motor trip up north.

Mrs. Chas. Pryce from Aurora visited her son, Bert and wife, last week Thursday and Mrs. Ella Boeger, the first time those ladies had met and they enjoyed the occasion.

Miss Bessie Dunlap of Des Moines, visited her cousin, Mrs. Plunk and household Saturday. From here she went to Gladstone to visit her cousin, Glad, Shirley and family.

The members of the Primary department of the Presbyterian church will serve ice cream Friday, July 15, on the church lawn, beginning 7:30 p. m. Don't forget time and place.

Mr. Will Whiting with his son, Bruce and his son from Bellville, called on Mrs. F. A. Whiting Sunday morning. He reports family well. Daughter Jessie, lives at Evanston and daughter Grace's home is in Iowa.

July 7, a son was born to Mr. and Mrs. Warren Peterson, Des Plaines. He was not strong enough to struggle with earth life and passed to the safer eternal life, leaving sorrowful memories to family and friends.

Mrs. Freda Sass came from the city Monday with a group of friends who were picnicking in "McAdamsland." She tried to locate a relative who came to live here recently. Clarence Wirth and family, who are living in S. Pine avenue, Searsdale.

but when she located the number, it was time to go home to Chicago and miss giving Mr. Wirth a surprise call.

Miss Alice Ackland and friend from the city visited Mrs. Geo. E. Peterson one day last week.

Mr. and Mrs. Wm. H. Schuman, W. Fremont, made a trip to Iowa this week and spent several days attending to business interests and enjoying the motor trip.

Mrs. Gordon Buhel (nee Lorraine Boeger), and her daughter, Miss Barbara, who have been visiting her parents, Mr. and Mrs. J. C. Boeger, left last week for their home in California.

Miss Dorothy Rascher from Rockley, with her nieces, Leona Rascher and Hilda and Edna Geisler, came last week Thursday and spent several days visiting the Raschers and other relatives.

Mr. Fred Traub from the city called on his sister, Mrs. Ella Boeger, last Wednesday.

Mr. Claus L. Askelof peacefully passed from earth life Saturday. His children were all at his bedside, three daughters, Mrs. C. M. Brown, Mrs. O. Nelson, West Orange, N. J., and Mrs. A. J. Wuerker, Cincinnati, his sons, Chas. Askelof, Omaha, Neb., and Alex Askelof of Arlington Heights.

Mr. and Mrs. Julius Spahn from N. Wood Park called on Mrs. Ella Boeger, Sunday.

Sunday, July 10, was busy and happy in the Hoehle-Moore home, N. Evergreen, where the relatives met to celebrate the birthday of Gail Marie Moore, just one year old, granddaughter of Mr. and Mrs. Jas. Hoehle and great-granddaughter of Mrs. Regina Horcher, who shared the celebration, although her anniversary has passed. About 25 guests enjoyed the happy event, and generous entertainment. Guests from out of town, Miss Marie Moore from Detroit; Mr. and Mrs. Campbell, Mr. and Mrs. Jas. Moore, and friend, Miss Sellers from the city; Mr. and Mrs. Roy Florey and family, Mr. and Mrs. Clarence Horcher and family and the Misses Marjorie Annen and Lillian Klehm, all came wishing Gail Marie happy birthday and hoping she may have many more merry carefree days.

July 16, Mrs. C. C. Schwartz will entertain her family group, who will celebrate a double birthday event. Mrs. Geo. E. Peterson's birthday is July 5, and Mrs. Edna Held's July 27, so they plan a joint party with the date betwixt and between, and a good time will be had by everyone. Miss Lillian Ruth Draper and her cousin, Mrs. Allan Klehm, went to

the city Monday where Mrs. Klehm enjoyed sightseeing in the big city.

Mrs. G. Rexford Volz came home from Lake Geneva first of the week to attend a meeting of Red Cross. Monday evening, which was encouraging in new interest and helpful plans for future work.

Mr. and Mrs. Richardson and little son from Park Ridge, visited her parents, Mr. and Mrs. Chas. Peters, Sunday.

Mr. and Mrs. Ed. Lathan from Chicago, visited her brother, Dr. E. A. Elfeld, Sunday.

Mrs. Stueber and Mrs. Eiler and little son from the city, spent the past week with her parents, Mr. and Mrs. Hy. Gruber, N. Duntun avenue.

A son was born to Mr. and Mrs. Urban Hartung, July 6.

Richard Goodie is enjoying a vacation visit with his uncle, Renador Fimbach and family at Cudahy, Wis.

Mr. Peter Meng, W. Vine street, was taken last week to Dunning for treatment.

Mr. James Hopkins came from Chicago Sunday to call on his aunt, Mrs. Mary Hofferer, who has been shut-in several weeks.

Mrs. Raoul Peeters is suffering from her old enemy, hay fever, aggravated by weather conditions.

Mrs. Exford (nee Lois Meyer) with her daughter, Janice, are guests of her aunt, Mrs. Laura Sieburg. When she returns to her home, Clayton, N. Y., Miss Grace Meyer will go with her for a visit.

Mr. and Mrs. Arthur Meyer are living in Clayton, also where they are well and busy. When Mrs. Exford came from N. Y., she came with Mr. and Mrs. Gregory of Palestine, who had taken an auto trip to visit their son and family.

Miss Lura Taylor (a home town girl), who lives in the east, writes her aunt, Mrs. F. A. Whiting, that she would sail July 2, for a six weeks Mediterranean cruise with a view of Naples, Alexandria, Cairo, with a motor trip to Jerusalem, Bethlehem, Galilee, Thessalonica, Constantinople, returning via Italy. Mr. and Mrs. Elroy Harris have been entertaining her sister-in-law and children the past week. Alabama is the Henning's home state, but they are spending the summer with Mr. Henning's parents in De Kalb, while he is taking a course of study at the university.

Miss M. C. Telfar came from Kenosha Tuesday with her friends, Mrs. Rose Ballard and the Misses Elizabeth and Katherine Petrie, who planned to spend the day in Arlington Heights but after a pic-

nic at Elk Grove, the weather conditions being wet, they decided to go home early, hoping to be able to come again and enjoy their visit.

Miss Myrtle Pederson from the city visited her friend, Margaret Harris one day last week.

Miss Edna Taeger observed her birthday July 10. Relatives and friends met in the family home, N. Vail street and brought good wishes for a happy future. Teacher Juhnke and family from Mt. Prospect were among the guests. Everyone enjoyed a fine social time as always when congenial friends meet together.

Mrs. C. P. Draper entertained the usual old time friends her birthday, July 9. The guests came with cheery greetings. Mrs. Draper had two happy surprises, Mrs. Allan Klehm of Bozeman, Mont., and Mr. and Mrs. Kenneth Howard and two children of Gary, came to visit and cheer Aunt Louise and she dispensed kindly hospitality to all who helped her observe a happy birthday.

Members of the choir of St. Peter's Evangelical church of Chicago, visited her brother, Dr. E. A. Elfeld, Sunday.

Harold Nebel, selling race track editions at the corner of Vail and the highway, was struck Saturday afternoon by a car driven by Mrs. Henry Nichols. The injuries to Harold appear to be minor.

Karstens Morticians defeated Lombard's girls team in softball at Recreation Park last Friday. They will play another game this week.

Last Sunday Mr. and Mrs. W. H. Kelo, North State road, attended the Bach family reunion, which was held in Hobart, Indiana.

Bakery Sale  
A bakery sale will be given by the Ladies' Auxiliary, Veterans of Foreign Wars at Landmeier Hardware Store, Saturday, July 23, 3 p. m.

CARD OF THANKS  
Our recent sad loss leaves us with grateful hearts toward neighbors and friends. Their comforting expressions of sympathy and thoughtfulness will always be remembered.  
Mrs. Wm. Kutz and Family.

CHURCHES  
ST. JOHN'S EVANGELICAL CHURCH  
N. Evergreen and E. St. James

CHRISTIAN SCIENCE SOCIETY  
Duntun and Fremont Streets  
Arlington Heights, Illinois  
Church services, Sunday at 11:00 o'clock.  
Sunday school, Sunday at 9:30 a. m.  
Wednesday evening services are held at 8:00 o'clock and include testimonials.  
The Reading Room is located in the church building and is open to the public every Wednesday afternoon from 2 to 4 p. m.  
The public is cordially invited to attend our church services and use our reading room.

CHRISTIAN SCIENCE CHURCHES  
"Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ Scientist, on Sunday, July 10.  
The Golden Text was, "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth" (1 Corinthians 5:8).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Have mercy upon me, O God, according unto the multitude of thy tender mercies blot out my transgressions. Create in me a clean heart, O God; and renew a right spirit within me. Restore unto me the joy of thy salvation; and uphold me with thy free spirit" (Psalms 51:1, 10, 12).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "We cannot choose for ourselves, but must work out our salvation in the way Jesus taught. First in the list of Christian duties, he taught his followers the healing power of Truth and Love. It is the living Christ, the practical Truth, which makes Jesus 'the resurrection and the life' to all who follow him in deed" (pp. 30 and 31).

NOTICE  
You are cordially invited to listen to the network program of the Columbia Church of the Air Sunday morning, July 24, from 8 to 8:30 Central Standard Time, conducted by Mr. Albert Espey, Committee

Don't forget the Classic Ball Wednesday, July 20 At the St. James Hall

on Publication for Missouri, who will radiocast a statement on Christian Science especially prepared for this occasion. This program, originating from the Columbia Broadcasting System studios, may be heard over Station WBBM (770 Kc) Chicago, and other Columbia network stations.  
This is the fifth of the Sunday periods in the 1937-1938 Church of the Air series assigned to the Christian Science Mother Church organization, and is presented with the approval of the Christian Science Board of Directors of The First Church of Christ, Scientist, in Boston, Massachusetts.

ST. JAMES CATHOLIC CHURCH  
North State Road  
Rev. Geo. Stier, Pastor  
Masses  
Sunday, 7:30, 9:00, 10:15 a. m.  
Week Days, 8:00 a. m.  
Confessions 4:00 to 5:30; 7:30 to 9:00 p. m. Saturdays, days preceding first Friday and Holy Days of Obligation.

ST. JOHN'S EPISCOPAL MISSION  
This Sunday morning being the third Sunday of the month, Holy Communion will be celebrated by Father John B. Hubbard of St. Mary's, Park Ridge, at 8:45 a. m. at the V. F. W. club house. Capt. Edwin Todd will preach the sermon. "Building Bridges" is the theme.

Immediately following the church service, church school will convene at 9:45. Most modern methods are being used in the class work. Children from three years up are invited to enter the Kindergarten class.  
Men's meeting on Wednesday evening at 8 p. m. at the home of Mr. Charles Foreman, 129 Drury Lane, Stonegate.

## PROSPECT HEIGHTS

By Marcella Sobwick and  
Jayne Payne

The Payne family joined us in Prospect Heights two weeks ago. Mr. and Mrs. William H. Payne moved to Chicago from St. Louis, Missouri two years ago. Mr. Payne is general manager of the Erie Can Co. They have two sons, William Junior and Donald. Also a daughter, Jayne, who attends Washington University in St. Louis. After mentioning all other members of the family we must not overlook the beautiful dalmatian dog which resides at the Payne residence. The dog's name is Domino Dizzy, but is commonly known to everyone as Dizzy. Dizzy also happens to be a relative of Governor Horner's dogs.

Mrs. Payne is anticipating the arrival of her sister next week, who is also from St. Louis. We, of Prospect Heights, are all pleased to have the Payne family with us; we wish them the very best of luck in their new home.

So long, until next week when we return with more news and happenings out here in Prospect Heights.

We, of Prospect Heights, are very happy to know that a new school will be erected on the corner of Palatine and Schoenbeck roads.

Smith & Dawson, who made Prospect Heights what it is today, have recently announced that eighteen homes have been sold in the new Prospect Heights subdivision, to be constructed for fall delivery. Come on boys, let's beat Des Plaines!

Mrs. Brownell, accompanied by her two sons, Arthur and Bobby, are vacationing in Wisconsin for three weeks. We hope they have a most enjoyable time.

We are glad to know that Lillian Rauen is recovering from an eye infection.

Mrs. Neagles' sister, Mrs. L. Robinson of New York, arrived in Chicago at 10:05 and Mr. and Mrs.

Neagles were anxiously awaiting her arrival. After a visit with the Neagles family, Mrs. Robinson will reside in Waukegan.

Mrs. J. M. Nielsen is entertaining her nephew, Billy Haney, this week. We know he will have a most enjoyable stay.

Mr. and Mrs. W. Danielson had Mr. and Mrs. G. Spread and their daughter, Leona, for a fried chicken dinner, and I heard it was delicious.

We were sorry to hear that Mrs. H. Rodgers was ill. We are very happy to know she has recovered.

Well, well, Mr. and Mrs. Miller came over and challenged the Jennrichs and Sobwicks to a game of croquet. Mrs. Miller thought she had to hit her foot when she croqueted the ball. Consequently a painful foot was suffered the rest of the evening.

We are sorry that Bob Conley has left the Prospect Heights Service Station. His smiles and cheery greetings will be missed by all. Bob has returned home to the wilds of Arizona.

Mrs. Moldenhauer's daughter, Mrs. W. Willard and her two children, Leona and Billy, are spending a week in Prospect Heights.

Mrs. Kruse entertained her mother, Mrs. De Wolfe, and Mr. and Mrs. McKenzie.

Mrs. Edward D. Miller entertained her sister, Mrs. J. Horn of Chicago and her brother, Mr. B. Logan of Milwaukee.

Pearl Miller is vacationing with her aunt in Chicago for a week. We know she is having a grand time.

Mr. and Mrs. Percy Collins returned from their vacation. They explored Wisconsin and Southern Indiana, but had no success. Their poor cat is still missing.

Mrs. Demsey and children visited Round Lake Monday and had one grand time (as Mrs. Demsey put it), while poor papa worked by the sweat of his brow in the garage.

den. I say, "how could you, Mrs. Demsey?"

Mrs. Murphy, daughter of Mrs. Demsey, former WLS radio star, is taking Joan and Caroline Demsey, the two three-footers that are seen running around the Demsey home, to get a peek at the great Chicago Theatre for the first time.

Mr. and Mrs. Lou Jennrich entertained Mr. and Mrs. S. Lindemann, Saturday night, who is Lou's sister and brother-in-law. Sunday they entertained Mrs. Jennrich's mother and father, Mr. and Mrs. Samples of Edison Park; her brother, Walter Joeger; and Miss Wren Samples of Evanston, Ill.

Mrs. E. J. Sobwick entertained twenty-three women of Prospect Heights at a tea last Thursday. Thanks for the mints, Smitty, they were good.

Mr. and Mrs. Schroeder went fishing and came home with many fish which they enjoyed Tuesday night.

Mr. Portman entertained his grandfather at a dinner Monday night. Grandfather is eighty-six years young.

Mr. and Mrs. Jennrich are the first to have nice new potatoes out of their own garden and are they delicious for yours truly had some Tuesday night.

Mrs. Harry Steele was entertained at a luncheon by Mrs. J. Ray of Wilmette. Mrs. Steele's sister, Mrs. Adrian Hyatt of Chicago, paid an unexpected call.

Reverend C. Busse and wife drove from Chicago Sunday to surprise Mrs. Rauen, Sr.

Mrs. William Lancaster has been entertaining her sister-in-law, Faith Lancaster, all week.

Mr. and Mrs. Rauen and her sister, Grace Twedie and Mr. C. Jacques, are touring to Gilbert Lake, Wisconsin. They intend to stay for a week. Hope they have a nice time.

The smiling attendant at Prospect's Service Station, is none other than Billy Payne.

### The Achyranthes

Achyranthes is known in Hindu mythology. It is a plant indigenous to India. The legend attached to this plant is that Namuchi, a monster, was slain by Indra, one of the gods. The Achyranthes sprang from the skull of this monster and with this plant Indra flogged all other demons out of existence.

## Red Wings 5 Glenview 7

Beat Sycamore  
July 10; Score  
Was 6 To 0

by HERB HAMMERL

Red Wings played Glenview last Thursday night under their newly installed electric lights, only to lose on some very amateurish decisions by the Glenview umpire. The game only went seven innings by agreement of both teams.

Red Wings were 3 runs behind going into the fourth inning, when they scored 4 runs on a single by Jack Meyer, a fielders choice, Jack Meyer being forced out at second by "Porky" Wahl, but "Porky" was safe at first. Frank Brodman followed with a single and then Harold Fimbach cleaned the bases with a home run to right. Ray Willert followed with a long home run to deep center, putting the Red Wings in front 4-3. Glenview tied it up in their half of the fourth, and then came the sixth.

In that inning Geo. Schaefer, first up, went out by way of pitcher to first. Then Joe Brodman doubled over the right fielders head and went to third on a passed ball. Joe Brodman scored when Irv. Kehe executed the squeeze play perfectly by laying a bunt down the first base line to beat it out for a hit. Rox Bolte fled out to center field and then "Jack" Meyer hit a tremendous homer over the centerfielders head. Irv. Kehe scoring ahead of Meyer. After the two boys were seated on the bench, the Glenview manager ran out onto the field and insisted that Irv. Kehe had neglected to touch third base.

The umpire obligingly called Irv. Kehe out and Meyer's home run was also not allowed. Needless to say the Red Wings put up quite a holler but to no avail.

That deprived the local boys of two runs, and Glenview went on to win in the sixth with 3 runs on a walk, a single and a home run after two were out. In that inning the first two men up struck out and Schaefer had the next man struck out, but the umpire had trouble seeing the ball and failed to call them. After the game the manager of Glenview was heard to say that Irv. Kehe had touched third base and that he thought he had gotten away with something.

On Sunday, July 10, the Anacanda team from Sycamore played a return game with the Red Wings at recreation park. Geo. Schaefer was in rare form, allowing them only 4 hits and shutting them out 6-0. Sycamore did not get a man as far as third base. George was backed up by some fancy fielding plays by Ed. Wahl and Ray Willert. Wahl fielded several hard chances in deep short and he had to make long and accurate throws to first to get his man. Ray Willert had to cross over the foul line in deep left to make some sparkling catches.

The Red Wings scored their first run in the second inning on a hit, a walk and two sacrifice hits, the latter being a well executed squeeze play. In the third inning after two were out, three successive singles scored two runs, the runs being driven in by Geo. Schaefer, who, by the way, got three hits out of four tries. One run in the fourth was scored on a walk, a sacrifice and a single by Rox Bolte. In the seventh the Red Wings added 2 runs for good measure on a double and three singles.

The score keeper at the score board was Mr. Kurt Stoeckel, and he hung up the best string of doughnuts we've seen in a long time.

On next Sunday, July 17, the Higgins Boosters will play here at Recreation Park. This team played here earlier in the season, and they put on a swell exhibition only to lose 1-0 when Schaefer bested their pitcher in a pitcher's battle. We look for a good argument from them so plan to be on hand next Sunday. Game called at 3 p. m.

On Thursday, July 21, the Chicago Firemen will play a twilight game here at Recreation Park. This game will start 6:30, so let's have a big crowd out for this game. The Firemen beat the Red Wings on their previous meeting on Sunday, June 12, so the local boys are out to even things up. The Red Wings appreciate the fine turnout of the local fans at the night game at Glenview last Thursday. The boys appreciate such fine backing from the fans.

Well, folks, we'll be seeing you all at the ball park next Sunday, and don't forget the twilight game with the firemen.

Score by innings:

Red Wings	004	001	0	5	8	2
Glenview	211	063	7	8	1	4
Sunday	000	000	000	0	4	1
Sycamore	012	100	20	6	12	1

Rose-Lo's Lose, 6 to 4

Lefty Sword pitched Gaures to a 6 to 4 victory over Rose-Lo in Wednesday evening. Rose-Lo out for as third base. George was backed up by some fancy fielding plays by Ed. Wahl and Ray Willert. Wahl fielded several hard chances in deep short and he had to make long and accurate throws to first to get his man. Ray Willert had to cross over the foul line in deep left to make some sparkling catches.

## Lifeguard Legion Is Announced

Formation of a national safety organization for motorists, modeled somewhat along the lines of the famous Caterpillar Club for aviators, has just been announced in Akron, Ohio, according to information received by Elroy Winkelman, local dealer for The Goodyear Tire & Rubber Co.

"Similarly to the famous Caterpillar Club exists in that the new organization, which has been named the 'LifeGuard Legion,' will be composed of motorists who have avoided serious accident and possible injury or death through use of a remarkable new safety device," Mr. Winkelman explained.

The Caterpillar Club is composed of aviators who have saved their lives through use of parachutes. The LifeGuard Legion will be composed of motorists who have averted serious accident through use of LifeGuards, a new safety device recently introduced by Goodyear.

"LifeGuards have taken their place with all-steel bodies, four-wheel brakes and safety glass in helping to make motoring safer," he continued. "Consisting of a reserve tire within a conventional tube, the LifeGuard turns a tire failure at high speed into a slow leak, allowing the driver to come to a safe stop without a swerve, instead of careening into a ditch or into oncoming traffic."

"When a motorist who has LifeGuards in his tires avoids serious accident through their use (and they have already saved thousands of dollars in automobile damage and hospital bills for car owners who have experienced tire failures while driving at high speed) he will automatically become a member of The Life-Guard Legion and will receive a beautiful bronze plaque in commemoration of his narrow escape."

CLAIMS \$30,000 DAMAGES

Elsie Amsterdam and Esther Collins have filed suit for \$30,000 damages in Circuit court for injuries in an automobile accident March 30 on Waukegan road south of Glenview. Jack Flynn is the defendant. They charge that his car collided with one they were riding in. Elsie asks \$25,000 damages and Esther \$5,000.

CLUB TELLS ORGANIZATION PURPOSE

Arlington Heights Benefit club met in special session Friday to dispose of several important matters and to prepare for its annual dance to be given at Meyer's pavilion July 16. Its officers are gratified by the large number of its members being present and also by the enthusiasm and cooperation by them to make this dance a gay and successful event.

Numerous citizens have inquired regarding the object and purpose of this organization. I feel that can be most adequately explained by preamble to its by-laws, which are as follows:

The object and purpose of this club shall be:

To cooperate in all matters pertaining to the welfare, relief and aid of all clients dependent upon public welfare for assistance, thereby facilitating and assisting in more direct, orderly, prompt and equitable dispensation and adjustment in relief matters by such agencies.

Paul Stoeckel, Pres.

## North Cook Farm Bureau Baseball Team Defeats Will County

North Cook county baseball team gave themselves a surprise along with the strong team from Will county Saturday at Manhattan, Illinois, when they defeated the Will county team 4 to 3.

In the short time the Cook County Farm Bureau Baseball team has been organized, it has shown very rapid and consistent improvement under the coaching of Herb Moeching.

It was hardly anticipated they would be equal to the strong Will county team which recently defeated them 15 to 3. The Will county team was State Champion in 1934 and is practically the same team they were at that time. Also they have taken all of their games up to the present time and it is anticipated they will become the contenders for this State Championship in 1938.

During this game the outstanding improvements that were shown in the Cook county lineup was the exceptionally good fielding that the boys did in the outfield and the outstanding batting record that they made. Karl Klehm was pitcher and served up a variety of balls that kept the Will county batters guessing most of the time.

North Cook team will play the Lake county team July 14, at the annual picnic of the Lake County Farm Bureau.

## It's Kooler Keg At Old Heidelberg Castle

If you enjoy good beer, you will want to try the beer now sold the Kooler Keg way at Old Heidelberg Castle. Mr. Meyer has installed new equipment whereby the beer comes directly from the keg to the glass of the customer. Gone are the old coils and antique method of handling that drink. Mr. Meyer is one of the first taverns outside of Chicago to make the installation. "The first drink out of a keg," states Mr. Meyer, "is as fine as the last."

Gas Water Heater

# AAA Fits Platform Of Either Party

Albert Landmeier Says Soil Law Not Political Question

Albert Landmeier, president of the Cook County Agricultural Conservation Association states, "The A.A.A. as administered fits into the platform of either political party. Here is the plank from the 1932 Republican platform. When we read this we realize the present law fits this plank as well as the Democratic one."

"The facts are, the Soil Conservation Act is not a political question. It was passed by the votes of both Democrats and Republicans. The votes from the State of Illinois were almost unanimous from both parties."

"The benefit payments to cooperating farmers for 1938 in Cook county will amount to about \$60,000. Some \$32,000 has been paid already and most of the balance of the payment is in the form of sugar beet benefits. The government has for years subsidized definite enterprises," states Mr. Albert Landmeier.

"The Merchant Marine has been subsidized for a long time. Third-class mail is subsidized and largely paid for by first-class mail. We believe this is right because it gives the public access to the papers. If the paper had to pay its actual cost of delivery, information that the public generally should have would not be accessible. It is a curious fact that many of the papers who are opposed to the A.A.A. because it is a subsidy are enjoying a subsidy now and have for a great many years." This is the Republican plank.

"We will support any plan which will help to balance production against demand, and thereby raise agricultural prices, provided it is economically sound and administratively workable without burdening some bureaucracy."

"The fundamental problem of American agriculture is the control of production to such volume as will balance supply with demand. In the solution of this problem the co-operative organization of farmers to plan production, and the tariff, to hold the home market for American farmers, are vital elements. A third element equally as vital is the control of the acreage of land under cultivation, as an aid to the efforts of the farmer to balance production."

"We favor a national policy of land utilization which looks to national needs, such as the Administration has already begun to formulate."

## Arthur Harting Surprised On Birthday

Brothers and sisters surprised Arthur Harting of Palatine road last Sunday in honor of his birthday. Each family brought plenty of good eats with them which was enjoyed at a picnic supper. Those attending were the families of Albert Harting, Albert Heuer, Herbert Schaeffer, Ed. Mueller, Gustave Schaeffer, Elmer Wille, Albert Busse, Louis Studtman.

## Park and Playground Acreage Increases

Recommending that each community adopt a program of park and playground development on the basis of 10 acres for each 1,000 population, the Chicago Regional Planning Association has released figures showing what has been accomplished in recreation parks in 114 communities in the 15 county Region of Chicago. In a little more than a year over 550 acres of park and playground areas have been added.

While not quite in keeping with the growth of population, which theoretically should require 700 acres increase per year to achieve the recommended ten acre goal per thousand population, it is, nevertheless, a very substantial increase, according to D. H. Burnham, president of the Chicago Regional Planning Association, which has just issued a new leaflet embodying the results of its survey.

Parks in some of the municipalities in the region of Chicago are listed as follows:

Total Acres	Parks, School and Playgrounds	Population	1938 (Estimated)	Acres of Parks Per 1,000 Persons
Arlington Hts.	35.5	6,000	5.9	
Bensenville	19.0	2,200	8.6	
Des Plaines	38.0	10,500	3.6	
Glenview	15.1	2,300	6.6	
Itasca	4.5	680	6.6	
Mount Prospect	21.8	1,500	14.5	
Niles Center	75.0	7,300	10.3	
Northbrook	3.7	1,400	2.6	
Palatine	12.0	2,500	4.8	
Park Ridge	18.6	12,500	1.5	
Roselle	3.6	950	3.8	
Wheaton	88.0	8,200	10.7	

## Deadline For PWA Applications Is Set For September 30

In the first two weeks the new Public Works Administration program has been in operation, communities and municipalities throughout Illinois have received allocation of grants aggregating more than \$13,542,000 for 97 projects having a total estimated cost of \$28,346,000. D. R. Kennicott, Director of PWA Region No. 2, announced this week in Chicago.

In the meantime, new applications for direct grants are being received in such volume that the staff at regional headquarters in Chicago is taxed to the utmost.

"The initiative in applying for PWA grants rests entirely with the local communities," Mr. Kennicott said. "PWA does not solicit applications. We require, as fixed standards, that public construction financed by PWA shall be socially desirable, and sound from a legal, financial and engineering standpoint. Under the new program special consideration is given to those applications which indicate the possibility of an early starting date, if an allotment is received, because the employment of men speedily is a dominating factor."

"It is only fair, therefore, to remind the municipalities of Illinois again, that Congress fixed definite deadlines to which we must adhere without exception, regardless of how meritorious some cases may be. Under Congressional mandate, we cannot accept any application after September 30, 1938."

## Scout Camp Filled Up For Season

Camp Oh-Da-Ko-Ta the Boy Scout camp of the Northwest Suburban Council and Kenosha Council Boy Scouts of America, is carrying on in a fine way with the camp filled to capacity for the remainder of the season.

Much is being accomplished in Merit Badge work and Scout advancement. Among those Scouts attending camp this week are: Tom Coleman, Tom Jarvis, Kay Sebert, Ralph Smith, Chas. Leveck, Robt. Bittner, Elmer Thorson, Bert Ross of Troop 7, Arlington Heights; Donald Tiedt, Clifton Whittington, Wm. Fiech, Albert Goeler, Harold Kruger, Harold Biska, Raymond Nitch, Jack Kittredge, and Robt. Serbinski of Troop 8, Niles; Robert Wehrmann, Troop 6, Chas. McKinley, Robt. Duthie, Otto Strobach, Troop 20 of Des Plaines; Warren Person Troop 18, Wheeling, and Tom Humphries and August Penkava, Troop 9, Palatine.

# It Happened Here

## THE FISHERMEN'S RETURN

Oh, we're going home from our fishing trip, our fishing trip, our fishing trip! We're tired and hungry but full of zip, zippity, zippity, zippity-zip!

There's Daddy and Mother and Tommy and me, And that's all of us but Henry and he

Doesn't count because he can't sing, sing-a-ling, sing-a-ling, sing-a-ling-ling!

So we thwack his tin sides with a bang, bang, bang, bang-a-ling-ling!

Tommy thwacks with his stick and I thwack with mine,

For our sticks are joy-sticks that go whing, whang, whine!

Daddy thums Henry and tootles his horn,

Mother just gasps, "Since I ever was born—!"

Toot your horn, Henry, and rattle your tin,

We're chanting our song to your footle and din.

Good-by, rough road thru the pasture lot,

Good-by, shut gate that we almost forgot;

Good-by, mooley cow and piggy-wigs black,

Good-by, red barn and yellow straw stack;

Good-by, wind-mill turning round in the sky,

Good-by, black crows slowly flapping by;

Good-by, all the things of our long, happy day,

We're going on home, but you have to stay!

C-o, stalled car in the road side rut,

You're a Stationary Stit-Stat, putt, putt, putt!

But our Rambling Rantibus rolls us along,

Chanting and tooting our home-going song!

This region is a fisherman's paradise—lakes within easy reach and fish in the lakes; if you've never tasted pickerel and black bass from our local lakes, then here's to your better fortune—good fishing and happy landings!

S'Amuser

## PATENTS GRANTED

Edward A. Schweitzer, Jr., of Northbrook, for a current interrupting means.

Charles F. Weinreich, of Des Plaines, for a nozzle for extruding stiff plastic material.

## "Ramblers" Add Humor To Music In New Western

"Swing your partners, one, two." The Tennessee Ramblers, past masters in hill-billy melody making grew up to the rhythm of the square dance.

Only one of them hails from Tennessee, but they're all as Southern as corn pone. They may be seen locally when Gene Autry's newest Republic western, "Yodelin' Kid From Pine Ridge," opens Sunday at the Arlington Theatre.

Dick Hartman, the lone Tennessean, is from Hartman Junction. He was singing over the air waves as early as 1922, and is now one of RCA-Victor's popular songsters.

W. J. Blair hails from Martinsville, West Virginia, where clan spirit runs high. He grew up during one of the most widely publicized feuds in Southern history.

## Forget To Toil, Says Doug. Jr. to Irene In "Joy of Living"

"Money is all very well, but you can have a lot of fun without it," says Douglas Fairbanks, Jr., to Irene Dunne in the new musical, "Joy of Living."

Presenting a new viewpoint on the pursuit of happiness idea, the story is about a stormy romance between a musical comedy star who has sacrificed to work for her rapacious family, and a happy-go-lucky adventurer.

Appeared by her family's selfishness and by her uncomplaining acceptance of the situation, the adventurer tries to convince her that she should let her relatives shift for themselves and marry him and go to the South Seas. To show her that money isn't really important, he takes her out for a hilarious evening on an expenditure of less than two dollars, and the results make for an engrossing combination of comedy and drama.

Sparkling songs by Jerome Kern and lyrics by Dorothy Fields, and a brilliant supporting cast, including Alice Brady, Guy Kibbee, Jean Dixon, Eric Blore, Lucille Ball and Warren Hymer feature "Joy of Living" a Tay Garnett production for RKO Radio.

## SHARES \$625 ESTATE

William Kamberg died intestate June 27, leaving a \$625 estate. His heirs are two nephews and a half brother, Carl C. Auer, of Glenview, is one nephew.

## Marriage Licenses

Arthur Hintz, 24, and Jayne MacPherson, 23, both of Des Plaines.

Raymond Miller, 24, Des Plaines, and Corinne Vogt, 19, Chicago.

# LETTERS to the Editor

Arlington Heights Herald  
Arlington Heights, Ill.  
Dear Sir:

"More power" to Stonegate residents whose ire has been justly aroused at recent developments. How come that each time some law-enforcing body exerts its powers, those immediately responsible for the conditions, instead of analyzing the facts, run for cover crying "squealer?"

In my opinion, our local officials were entirely responsible for their predicament. It should be well-known that the State's Attorney has his own staff of investigators, and undoubtedly, the happy faculty of remembering happenings from one year to another.

Very truly yours,  
"Northsider."

## Stonegate Is Not Guilty

Investigation on the part of the editor of this paper convinces him that there was not sufficient grounds upon which to attribute to a citizen of Stonegate the initiative that caused States Attorney Courtney's men to raid slot machines in the village.

The man in question admits his interest, but denies he took any part in contacting the authorities.

## AAA Compliance Increases 50 Per Cent In Cook County

"From the records that we have in the office at the present time," states Arnold Freise, compliance director for northern Cook county, "we should have an increase of about 50% compliance with the AAA in 1938 over 1937. This indicates that farmers are thinking more about the program and the necessity for some kind of agriculture legislation."

"Farmers are beginning to realize that the program is not compulsory and that complaint is from year to year. Statements that have been made that if the farmer complies in 1938 they must comply in 1939 are not true."

## Give Water, Salt To Work Horses

"It will take but a little time," states Farm Adviser C. A. Hughes, "to stop about 10 o'clock in the forenoon and about 3 to 4 in the afternoon and give the horses a drink of water. When we consider that horses are laboring hard and have used large quantities of water in sweat, the necessity of watering in between times becomes apparent. "When horses sweat they throw off large quantities of salt. It has been established that this elimination of salt from the blood is one of the things that causes heat prostration during summer months. Therefore we also suggest that loose salt be made available for working horses."

**Deadline for Wheat Allotments**  
Final date for making a request for 1939 wheat allotments was Thursday, according to Albert T. Landmeier, president of the agricultural conservation association of Cook county. Notices of the deadline were sent out last week.

## PALATINE WOMAN TO SHARE IN \$9,000 ESTATE

The late Mrs. Karolina Henkel, who died May 25, left a \$9,000 estate, to her relatives. A stepdaughter, Tillie Haberkamp, of Palatine, is left 2% of the estate after debts and funeral expenses are paid.

## Trusting People

"A man dat can't trust anybody," said Uncle Eben, "is bound to admit dat he can't trust even himself."

## Notice of Hearing

The Plan Commission of the Village of Arlington Heights has worked out an ordinance governing the subdivision and filing of subdivision plats for properties within the Village, as well as within one and one-half miles of the Village limits, and has submitted such draft of ordinance to the President of the Board of Trustees of the Village of Arlington Heights, to be passed, and a copy of which draft of ordinance is published herewith.

Public notice is hereby given that a public hearing on said proposed ordinance will be held in the Village Hall at Arlington Heights on July 19th, 1938, at the hour of 8:30 o'clock P. M., Daylight Savings Time.

All property owners and others interested will have an opportunity to be heard and to discuss the terms and provisions of such ordinance before its final passage by the Board of Trustees. Such draft of ordinance, subject to any changes that may be made at such hearing, is as follows:

"AN ORDINANCE REGULATING LAND SUBDIVISION WITHIN THE CORPORATE LIMITS OF THE VILLAGE OF ARLINGTON HEIGHTS, ILLINOIS, OR WITHIN ONE AND ONE-HALF MILES OF SUCH CORPORATE LIMITS."

WHEREAS, the Plan Commission of the Village of Arlington Heights will require the construction, installation, extension, maintenance and improvement of pavements, sidewalks, sewers, water mains and other public and private utilities; and

WHEREAS, subdivisions which have been platted and which will in the future be platted unalterably determine the physical layout of the community and influence to a very great degree the location, design and cost of constructing, installing, extending, improving and maintaining such pavements, sidewalks, sewers, water mains and other public and private utilities; and

WHEREAS, public convenience and safety require that main streets and highways shall be of adequate width, direct, and free from short turns, jogs, steep grades and an unnecessary number of dangerous railroad and street intersections; and

WHEREAS, in the past unregulated land subdivision has resulted in many instances where the public health, safety, convenience and general welfare have been suffered, and "where property values and the public treasury have been reduced; and

WHEREAS, the corporate boundaries of the Village may be extended; and

WHEREAS, the Village has adopted an Official Plan for the physical development of the Village and its immediate environs, which will further the public health, safety, convenience and general welfare and conserve public funds; and

WHEREAS, it is necessary to exercise a reasonable control over land subdivision to insure the physical development of the community in accordance with such Official Plan;

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE VILLAGE OF ARLINGTON HEIGHTS, ILLINOIS:

SECTION 1. No land shall hereafter be sold or advertised or offered for sale to the public or leased for a time exceeding five years, by tracts, parcels, blocks, lots or sub-lots less than five acres (100) feet in width, which are divisions, subdivisions or resubdivisions of larger tracts or parcels of land, unless a plat of such divisions, subdivision or resubdivision shall have been duly approved by the Plan Commission and recorded as provided by law. This Ordinance shall not be construed to require the preparation and recording of a final plat of any property actually staked out and in which nonaffid sales or contracts of sale have actually been made prior to the passage of this Ordinance.

SECTION 2. TENTATIVE PLAT. Any owner of land within the corporate limits of the Village of Arlington Heights, or within one and one-half miles of such corporate limits, wishing to divide the same into two or more lots for the purpose of sale or assessment, or both, or wishing to dedicate streets and alleys and other lands for public use, shall first submit to the Board of Trustees of the Village of Arlington Heights a tentative plat in duplicate blue prints.

Such tentative plat shall meet the following requirements:

It shall show the name of the proposed subdivision with the name of the owner, mortgagees, trustees and promoter;

It shall be drawn to the scale of one hundred (100) feet to one (1) inch;

It shall show:

(a) Boundaries of the property to be subdivided or dedicated, section and half sections, lines, permanent buildings, water courses and other existing features pertinent to proper subdivision;

(b) Corporate boundary lines within and adjacent to the proposed subdivision;

(c) Contour lines of irregular ground at intervals of not more than five (5) feet where required by the Plan Commission;

(d) The names and widths of roads, streets and alleys within and bounding the proposed subdivision; the names and widths of intersecting streets in the property immediately adjacent; and dimensions of lots and blocks and building lines;

(e) Streets shall be carried to the boundaries of the proposed subdivision;

(f) Any private restrictions and covenants which are to appear on the plat or in the deeds

or contracts and such restrictions and covenants shall not be less restrictive than the requirements of the Zoning Ordinance;

(g) Due consideration must be given the dedication or reservation of land for parks, playgrounds, school sites or other public purposes, provided, however, that this provision shall not be construed to require dedication or reservation for said purposes an area exceeding ten percent (10%) of the total area proposed to be subdivided.

SECTION 3. PROCEDURE WITH TENTATIVE PLAT.

(a) The Board of Trustees shall by motion refer the tentative plat to the Plan Commission for examination and recommendation to approval or disapproval;

(b) Approval or disapproval of the tentative plat shall be made by the Plan Commission within thirty (30) days from the date of the aforesaid motion transmitting same to the Plan Commission. Such approval or disapproval shall not constitute acceptance of the subdivision.

SECTION 4. FINAL PLAT. Within (6) months of the date of approval of the tentative plat a Final Plat for Record shall be submitted to the Plan Commission, which shall be in strict accordance with the approval tentative plat and shall be on tracing cloth accompanied by a blue print and drawn to a scale of one hundred (100) feet to one (1) inch.

The Final Plat shall meet the following requirements:

(a) The date of preparation and a proper north sign shall be shown;

(b) A correct survey of the property proposed to be platted shall be shown;

(c) A legal description of the property shall be given, which includes reference to the section, township and range. Government section lines and corners, half section lines, the names, location and dimensions of all streets, alleys, and all other lands to be dedicated to public use; and the names, location and dimensions of abutting public or private streets and alleys shall be shown;

(d) All streets, public or private, shall be named in conformity with the street naming plan of the Village, and any existing street which is continued through the new subdivision shall bear its existing name. In the case of diverging streets the name shall be repeated;

(e) All lot lines shall be shown, lots and blocks numbered or lettered; building lines and easements shall be shown and determined by measurements;

(f) All necessary dimensions, both linear and angular, shall be shown. Linear dimensions shall be shown in feet and decimals of a foot, and all deflection angles, radii, arcs and central angles of all corners along the property line of each street shall be shown;

(g) The description and location of all survey monuments erected in the subdivision shall be shown. Such monuments shall be either iron pipe not less than one (1) inch in diameter and thirty (30) inches long, or stone or concrete not less than four (4) inches in diameter and twenty-four (24) inches long. Permanent monuments shall be erected at all street corners, at all points where street lines intersect the exterior boundaries of the subdivision and at angle points and points of curve in each street;

(h) Provision shall be made for direct connections with the existing streets in adjoining subdivisions;

(i) Widths of all major roads and streets shall be not less than the widths shown in the Official Plan. Secondary and residential streets shall be not less than sixty-six (66) feet wide. A setback line shall be shown conforming to the requirements of the Zoning Ordinance within the corporate limits. Outside the corporate limits a setback line of twenty-five (25) feet shall be shown. The minimum width of alleys shall be twenty (20) feet. Easements not less than eight (8) feet wide shall be provided across the rear of all lots for any or all public utilities where easements are not provided. The easements shall be so laid out that a proper continuity may be had for such utilities from block to block;

(j) Blocks shall not exceed fourteen hundred (1400) feet in length. Blocks exceeding eight hundred (800) feet in length shall be provided with public pedestrian passes not less than twenty (20) feet in width, located approximately in the center of such blocks;

(k) Dead-end streets not running to the boundaries of the subdivision shall be avoided, but where permitted by the Plan Commission, shall not exceed seven hundred (700) feet in length, and shall end in a "turn-around" providing an inside turning radius of not less than thirty (30) feet without reducing the width of the roadway or sidewalk;

(l) All proper certificates, seals and signatures required by law shall be attached before the plat will be approved.

SECTION 5. TAXES. All adjustments for taxes shall be made before the plat will be approved.

SECTION 6. TITLE. There shall be attached to the plat a certificate of title showing the ownership of all lands to be dedicated for public use.

SECTION 7. GENERAL REQUIREMENTS.

(a) The side lines of all lots shall be approximately perpendicular to the street line;

(b) The minimum depth of lots shall be one hundred (100) feet. No lots shall be platted with frontage on two parallel streets;

(c) The minimum area of each lot within the corporate limits shall be as specified in the Zoning Ordinance. Outside the corporate limits the minimum area of each lot shall be twelve thousand (12,000) square feet, and the minimum width of each lot shall be sixty (60) feet, provided that final approval may be obtained for subdivisions containing lots of less than two hundred (200) square feet and a minimum width of fifty (50) feet, when either a central water system, or central sewer system, or both, having the approval of the Village Engineer, shall have been completely installed and be ready for operation;

(d) All corner lots shall be so platted as to maintain the full setback required by the Zoning Ordinance or this Ordinance on both streets;

(e) Owners wishing to subdivide into tracts larger than normal lots shall plat the same of such shape and dimensions that the future streets may be laid out along the lot lines.

SECTION 8. STREETS PARALLEL TO RAILROADS. In subdivisions bordering on railroads, a street parallel or approximately parallel to the railroad shall be so laid out that the intersection of its center line with that of any street which crosses the railroad shall be not less than one hundred fifty (150) feet from the line of the railroad right of way. The intervening land shall be dedicated for park purposes where indicated by the Official Plan. Otherwise such lands may be platted with the railroad abutting such lots at the rear end.

SECTION 9. GRADES AND PROFILES.

(a) Where required by the Plan Commission, the owner shall furnish profiles of streets and alleys in the proposed subdivision, horizontal scale forty (40) feet to the inch and vertical scale four (4) feet to the inch. Elevations shall be referred to some permanent, recorded bench mark. Grades shall not exceed five (5) percent, and shall not change more abruptly than by a vertical curve of not less than one thousand (1000) foot radius;

(b) The owner shall furnish and submit a grading plan with the Final Plat showing the grades and cross sections approved by the Village Engineer, before the Final Plat shall be approved. The grading of all streets and alleys shall be completed to the approved grades and cross sections or a surety bond covering compliance with this requirement and the cost of the work shall be furnished by the owner;

(c) The subdivider shall provide suitable access to all proposed streets, across all ditches, in the manner determined by the Village Engineer to be necessary to secure public safety and convenience.

SECTION 10. VARIATIONS. The Plan Commission may approve variations from these requirements in specific cases which do not affect the general plan or the spirit of this Ordinance. All such variations shall be communicated to the Board of Trustees in writing with the reasons therefor before final approval of the plat by that body.

SECTION 11. APPROVAL OF FINAL PLAT. When the Plan Commission has approved the Final Plat, such plat shall be transmitted to the Board of Trustees bearing an official stamp reading: "Approved this \_\_\_\_\_ day of \_\_\_\_\_, A. D. 19\_\_\_\_. (Signed) \_\_\_\_\_, Chairman of Plan Commission."

Upon resolution by the Board of Trustees it shall then be signed by the President and Village Clerk.

SECTION 12. VIOLATION PENALTY. Whoever shall sell or offer for sale or lease for any time exceeding five years any lot or block of land in this Village, or any addition thereto, or any resubdivision of any lot or block therein before all the requirements of this ordinance have been complied with, shall be fined TWENTY-FIVE DOLLARS (\$25.00) for each lot or block, or a part thereof, so disposed of or offered for sale or lease; and whoever shall violate any other provision of this Ordinance shall be subject to a fine of not less than FIVE DOLLARS (\$5.00), nor more than TWO HUNDRED DOLLARS (\$200.00), and each day during which such violation shall continue shall be considered a separate offense.

SECTION 13. This ordinance shall be in full force and effect from and after its passage, approval and publication, and shall be known as Ordinance Number \_\_\_\_\_.

PASSED this \_\_\_\_\_ day of \_\_\_\_\_, A. D. 1938.

Village Clerk.

APPROVED this \_\_\_\_\_ day of \_\_\_\_\_, A. D. 1938.

President.

Said public hearing is held by order of the President and Board of Trustees of the Village of Arlington Heights.

Dated, Arlington Heights, Illinois, this 11th day of July, A. D. 1938.

A. L. McELHOSE, Village Clerk.

### Chevrolet Has Record Used Car Sales

An indication of the size and scope of the used car industry in America is given by the used car sales of the Chevrolet dealers during the present year and for more than three years consecutively, according to William E. Holler, general sales manager of the Chevrolet Motor Division.

"June sales of used cars totaled 123,701," he said, "and it was the 10th consecutive month that Chevrolet dealers exceeded the one hundred thousand mark. It brought the 1938 total to 725,086 and the grand total for forty months to 5,732,819." Nearly 700 used cars per average hour were sold by Chevrolet company dealers since March, 1935.

### Wheeling State Bank

Fish-Moth Not Fish, Not Moth The fish-moth, which has small, silver scales, is not actually a moth. A common household insect, it always avoids the light and likes book bindings.

Here is a safetygram for housewives: Delivery men as a rule are efficient and safe drivers, not just because of long training and intensive safety education, but because they have been taught to be patient, courteous, and tolerant. Problems and questions that would try the patience of Job are put in their path a hundred times a day. For example: Mrs. Smith asks for a special rush delivery, then forgets about it and leaves home. Mrs. Brown asks the driver to wait while she inspects the goods, and then decides she doesn't want the package after all. Mrs. Jones calls at five minutes to six and insists that the meat market deliver immediately an order of meat which she must have for dinner. Mrs. White complains that the material was not what she ordered, so she takes her spite out on the driver. Every one of these cases means more bookkeeping and more worry for the driver. Help him by being just a little more considerate. Give him time to deliver your goods so he will not be rushing through the streets with the possibility of injuring people. It's smart to be careful.

### REAL ESTATE

FOR SALE—BUNGALOW, 300 No. Benton St., oil heat, fruit trees, etc. Insulated; also 50 or 100 ft. adjoining. Tel. Pal. 127-R for appointment. (4-1tf)

## Air Conditioning Headlines Des Plaines Theater Program

In the warm humid months of June, July and August, comfort is an important item when it concerns entertainment. The Air-Conditioning system at the Des Plaines Theatre assures theatre-goers of the utmost in healthful, cool comfort, no matter what the outdoor temperature may be.

This week-end another line-up of big hit pictures have been booked, and ending Saturday night, the double feature attraction is "There's Always a Woman" co-starring Joan Blondell and Melvyn Douglas, and featuring Mary Astor and Frances Drake. The Jones Family in "A Trip to Paris" completes the bill.

On Sunday, "In Old Chicago" opens for a three day run, exactly as presented for high prices in its previous engagements. Tyrone Power, Alice Fay, Don Ameche and Alice Brady are the leading players in this memorable film spectacle.

## AT THE CATLOW

Twenty-one nations of the world are represented in the cast of "Four Men and a Prayer," the thrilling 20th Century-Fox screen play which boasts a cast headed by Loretta Young, Richard Greene, George Sanders, David Niven and C. Aubrey Smith. It comes to the Catlow on Friday and Saturday.

Rapidly becoming one of Hollywood's foremost leading-men, James Stewart plays one of its most important roles opposite Ginger Rogers in "Vivacious Lady," the new screen comedy coming to the Catlow Theatre on Sunday and Monday.

Co-starred with the vivid, titian-haired star, Stewart is cast as a retiring small-town college professor who, in New York, meets and marries a vivacious night club entertainer.

This off-screen and on-screen romantic team Priscilla Lane and Wayne Morris, are now co-starring in "Love, Honor and Behave," the delightful new comedy coming to the Catlow Theatre on Tuesday.

Double featured with "Love, Honor and Behave," on Tuesday is "Law of the Underworld," with Chester Morris.

Filmed entirely in Technicolor, "The Adventures of Robin Hood," starring the dashing Errol Flynn, comes to the Catlow Theatre on Wednesday for three days.

Long-awaited, this beloved legend, concerning the gallant deeds of a Saxon noble who turned outlaw with a band of followers and plundered the rich Normans to feed and protect the poor and oppressed, has long been a favorite to moviegoers of all ages.

The lovely Maid Marian is portrayed by the beautiful Olivia de Havilland, Prince John is played by Claude Rains, Sir Guy of Gisborne is brought to the screen by the sleek Basil Rathbone; King Richard the Lion-hearted is Ian Hunter; Friar Tuck is the rotund Eugene Pallette; and the lovable little John is sturdy Alan Hale.

**Made Subjects Pay "Tooth Tax"**  
Not only did the Mohammedan pasha, Keritli Oglu, prince of tyrants, wrest his food from his subjects; he made them pay a "tooth tax" for the wear and tear on his teeth in eating it.

## Sessions End For Vacation Church School

The third Vacation Church School held at the Presbyterian church, closed its regular sessions last Friday morning after three busy and happy weeks.

Forty-one children were enrolled in the school grouped as follows: Beginners, 12; Primary 9; Junior-Intermediate 20. An average of 33 children were present each day. The following members had a perfect attendance record: Janet Updell, Joyce and Dolores Scanlon, Edna Morrison, Frances Zollner, Michael Weigand, Howard and Edward Welflin, Doris and Shirley Wieder, Esther Hugo, Ellen Kruse and Margaret Schmidt.

The program of the school included worship, Bible study, handicraft and recreation. The theme of the school was centered about the Bible. The service project of the school centered in National Missions and part of the articles made in the handicraft periods will be sent to the Indian Mission at Ganado, Arizona. Other things were made as gifts for the home.

Although the school was only in session 14 days, a nice assortment of useful gifts was on display at the exhibit following the Children's Day service on Sunday evening. These included sewed and mounted mottoes, pot holders, pet holder racks, bird garden markers, and house ornaments and memo pad holders, also paper gifts made by the beginners. Leaders for the 1938 school were Junior-Int. Rev. D. C. Morrison; Primary, Miss Lucile Schneider; Beginners, Miss Marilyn Miller and they were assisted by Mrs. A. Erlandson, Mrs. D. C. Morrison, Fannie Belle Turner, Betsy Dickhoff and Lorraine Schmidt.

The closing service of the school shared with parents and friends, was held on Sunday evening, being also the annual Children's Day service of the church. In spite of the intense heat, many parents and friends were present and the children did well.

Special numbers were songs by the Primary Sunday school room, songs and verses by the Vacation School Beginners and a dramatization presented by the Vacation School primary and junior children entitled "The Finding of the Law" based upon the records of 2 Chronicles 34, when the Boy King Josiah orders the restoration of the temple and finds the Book of the Laws which had been lost.

On Tuesday morning the Vacation School group assembled for the last time and proceeded to the Forest Preserve for a picnic. The little children enjoyed games with their leaders. The older children chose sides for a seven inning ball game which was considered a "world series game" being the last game of the school season. The "National League" team won in a close game of 12-10.

A committee of the older group had charge of the lunch which was spread at 12 o'clock and was relished by all after the morning of play. After lunch the picnic was dismissed in time for all to reach home before the shower.

**ST. JOHN'S EV. LUTHERAN CHURCH**  
L. A. Grotheer, Pastor  
There will be no service at St. John's church next Sunday because of the church picnic which will be held in our own shady church grounds. Visitors and guests are invited. Diversion for all.  
On Sunday, July 24, the next English service will be held at 10 a. m.

# MOUNT PROSPECT

## ANNUAL MEETING

The annual meeting of the Mt. Prospect Rural Fire Protection League will be held Thursday, July 21, at 8 p. m. at the Mt. Prospect Lutheran school.

Directors are to be elected in districts two and seven.

A. J. Kramer, Pres.  
Geo. Kirchhoff, Sec.

## TRAFFIC ACCIDENT INJURES THREE

Two Men Pinioned Between Two Cars

After handling a record breaking traffic crowd on July 4th without so much as a scratched fender, the Police Department had to report an accident on July 6, in which several persons were injured.

It is reported that the car of Walter Lemke of Chicago broke down and was called his friend Geo. Sherrard to tow him in about 5 p. m. On Northwest Highway, just east of Emmerson street, about opposite the Mexican shacks on the railroad right of way, the tow chain broke.

Both men got out of their cars and were repairing the broken chain and were between the two cars when the car of Edw. Doyle of Des Plaines crashed into the rear of the two parked cars and pinioned the men between the two cars.

Both Lemke and Sherrard received rather serious injuries and Fred Lessmann, a passenger in the Doyle car, received a bad gash on his face. All of the injured were treated by Doctor Wolfarth at the Mt. Prospect general hospital.

## SOUTH CHURCH AND SCHOOL TO HOLD 1ST ANNUAL PICNIC

The South Church and South Church school will hold the first annual picnic sponsored by these organizations at Elk Grove Forest Preserve, north from Higgins road, near caretaker's house) on Saturday, July 16.

Cars will leave the South Church at 2:00 p. m. Paul J. Jonas is general chairman of the committees which are planning a full afternoon of games, races, stunts, etc., to include all age groups. A family "basket-lunch" supper will be held at 6:00 p. m., followed by a program of fun, foolishness and song.

Scholars of the school and their families, members of the church and congregation and all "friends" of the church and church school are cordially invited to attend the picnic. Although this is the first picnic to be staged by the South church it is expected that between one hundred and one hundred fifty people will be present on Saturday afternoon. In case of inclement weather it has been decided to hold indoor games for the Sunday school scholars at the church during the afternoon and have the adults come with their basket lunches for supper at 6:00 o'clock. This will make it possible for all who are interested to plan on the picnic, rain or shine, Saturday, July 16.

## American Legion Auxiliary Notes

Mrs. H. W. Carlson entertained the Auxiliary Monday evening at the Legion hall.

Ninth District will meet July 21 in Chicago. All delegates or alternates should attend this meeting.

The state convention will be held in Rockford this year, Aug. 19 to 23. Mrs. Budlong, historian, read the Unit history for the past year.

Mrs. Bailey reported on Cook County Council.

Cards were played and refreshments were served by the hostesses.

## ELK GROVE 4-H MEETS

The Elk Grove 4-H Club went on a tour July 6, to inspect the projects of the members after which they gathered at the home of Mr. and Mrs. John Garlich for their regular meeting. Refreshments were served. A outing was planned for Sunday, July 17, at Gages Lake.

# MONKEY BUSINESS ON GOLF COURSE

Not having as yet reached the nineteenth hole a foursome at Kildeer on Saturday afternoon, composed of Mrs. Edwin D. Baskin, Mrs. George E. Grant, Mrs. John A. Walters and Mrs. H. C. Kinkaid, rubbed their eyes when a real live monkey joined their foursome.

The monkey, somewhat larger than the common "organ grinder type" appeared from out of nowhere and insisted on following the ladies. Several caddies and greenskeepers came across the fairway equipped with rope and blanket but only antagonized the monkey, who seemed to want to stay with the ladies for protection. He was coaxed with sweet rolls, bananas and finished a Tom Collins bottoms up. The last seen of him he was headed for a near-by corn field followed by a group of men after having eluded the Lake Zurich police.

Needless to say the scores on several holes were nothing to brag about. The way the monkey tore a golf ball to pieces served as a warning to the more venturesome who would have tried to capture him.

**Bluefields Not Blue**  
Bluefields, Nicaragua, takes its name from the Dutch pirate, Blewfeldt, and not from its fields.
